Select the place of performance that is appropriate for you. *\*If you hold down the Ctrl key, you can select more than one state. For instance Washington, Oregon, and Idaho. You can also search by zip code. \*Multiple zip codes can be separated by commas.*

If you would like to select a set-aside code you can do it here, however it may decrease your search results.

Try to avoid entering keywords as it can greatly diminish your results, we suggest using the NAICS codes your business uses.

For this example we've input the general utilities NAICS. You can see below it gives specific utilities NAICS for more specialized searches, however when a search was run using more specific NAICS, very few results were returned.

"Save" the search.

**Search Agent Label:**  
Please label this search agent

**Posted Date:**  
Note: This field is ignored for emailed search results as only new notices that you have not previously received are sent via email.

**Place of Performance State:**  
Hold CTRL to select multiple states  
U.S. Virgin Islands  
Utah  
Vermont  
Virginia  
Washington

**Place of Performance Zip Code:**  
Separate multiple zip codes by commas

**Set-Aside Code:**

Add New Search Agent Items 1-1 of 1

Once you have saved your Search Agent it will be listed under the Search Agent Tab. Make sure to test the parameters you've set for the search before you schedule it. You can do that by clicking Run *\*You can also click run at any time if you would like to look for new opportunities posted.*

If you get this screen:

No items found

You may want to alter your parameters to show opportunities relevant to your business. It means your current parameters are too narrow. Set Asides, keywords and multiple NAICS codes could possibly be the culprit for narrow or zero results.

\*Remember\* you can set multiple search agents. Each can show different NAICS codes or opportunity types so you can have access to different lists with different parameters. Setting them all on one can potentially lead to zero results. If you need to alter your search parameters, just click "Edit"

- These are the results returned with the Search parameters from the previous page. If you click on the name of the Opportunity, full detail of the opportunity will show

- When you find an opportunity you would like to be notified about with any changes, you can select Watch This Opportunity and you will get an email notification anytime there is a modification to the opportunity.

You should see the title of your search agent. Select Yes under "Enabled". From there, you set how often you would like this search to run. For instance if you put Day and 1, it will be run daily and any new opportunities will get emailed to you. If you select Day and 3 it will be run every three days.

Make sure you hit "save"

You can follow the same steps to set up multiple Search Agents if your business works in with more than one NAICS code.
